S*PAUL'S CATHEDRAL SCHOOL

A Guide to Year 6 2025 - 2026

Mr. C. Demetriou (6CD Form Teacher)

Mr. J. Foxall (6JF Form Teacher)

Introduction

St Paul's Cathedral School is a Christian, co-educational community where the values of love, justice, tolerance, respect, honesty, service and trust are encouraged and practised to promote positive relationships throughout the school community and where the safety and welfare of each child is of the utmost importance.

The school aims to instil a love of learning through a broad curriculum. It aims to give each pupil the opportunity to develop intellectually, socially, personally, physically, culturally and spiritually. All pupils are encouraged to work to the best of their ability and to achieve standards of excellence in all of their endeavours.

Through the corporate life of the school, and through good pastoral care, the school encourages the independence of the individual as well as mutual responsibility. It aims to make its pupils aware of the wider community and encourages a close working relationship with parents and guardians.

Welcome to Y6

With the challenges of moving to Y5 well behind them, pupils moving to Y6 face a whole new set of challenges in the year ahead. There is much that remains the same, however. The subjects taught are the same as those in Y5, and pupils will continue to move around the school for their lessons. The school day timings are much the same with the exception of no afternoon break; some pupils find this a little difficult to adjust to and may be more tired than normal in the first few weeks of term!

For parents, and pupils alike, this can be a stressful time. However, if we continue to work closely together, and pupils work hard and listen to advice, then we will all get through the year relatively unscathed!!

Mr Demetriou and Mr Foxall

SPCS: Welcome from the Head

A warm welcome to this new academic year. This guide provides an outline of the year ahead for your child and we hope you will find the information useful. No guide can cover everything, so do please get in touch if you have any questions.

We rely on close communication with you and encourage you to share any joys, successes, worries or concerns so that we have the best possible picture of your child's needs and progress.

Your child's form teacher acts as your first contact for communication but do remember they are not in front of a screen during the day but working with your child: call the School Office if you have any urgent messages, questions or concerns.

Throughout the busy year ahead, you can expect to see developments in every aspect of learning and character development: here's to a great year!

Judith Fremont-Barnes

Head

Our Philosophy

We grow lifelong learners: young people who have the curiosity to ask the questions that need asking, the drive to make a difference, the tenacity to solve problems. We develop initiative and teach teamwork. Joy in learning also really matters to us: our teachers make learning irresistible. We teach our pupils to: understand and respect themselves, understand and respect others, understand and respect the world in which they live (locally, nationally, globally).

We feel strongly that all achievement must be rooted in wellbeing. Teaching healthy habits and attitudes to learning, ambition, success and failure is central.

Children are not just brains in a jar! We care about, notice and nurture the whole child. Character, creativity, academic performance, manners, musicianship: we focus on the little things that make a big difference and instil habits to underpin success.

Nothing matters more to us than the wellbeing of our pupils. We work in partnership with parents to support the wellbeing of every individual. Our amazing team of teachers and support staff are dedicated to bringing out the best in every child. We're proud to have been described as 'pastorally superb' by the Good Schools Guide.

This is a community where everybody belongs. Kindness is our cornerstone. We value and encourage ambition, enthusiasm, compassion, resilience and active participation. SPCS pupils know how to step forward, take a risk, try hard, roll up their sleeves and get the job done.

Aims and Principles

PREP PASTORAL CARE

At SPCS, pastoral care is at the very heart of all we do. The Good Schools Guide describes SPCS as 'pastorally superb'. Your child will be known, noticed and nurtured right through the Prep years.

Pastoral care is always our priority: we understand that all achievement needs to be rooted in wellbeing. During the Prep years, children learn to be increasingly independent: while this is exciting for them, it can also bring anxieties. We work hard to understand each child's needs and equip them with the tools they need to overcome any challenges.

Secure relationships are at the heart of your child's wellbeing. Our approach places great emphasis on the skills needed for self-management, developing and nurturing friendships and working together in teams. Learning how to communicate with others, clearly and effectively, is a key focus in the Prep School. Relationships Education is actively taught through Personal Social Health Education lessons.

We support our pupils in developing respect for themselves, others and the world around them. We make our expectations of behaviour clear and reinforce them through awarding house points and through celebration at assemblies, for example, with our weekly Respect Award.

Confidence is developed through growing competence. Regular opportunities to perform (at assemblies and concerts and events such as Sports Day) build self-belief.

OUR PASTORAL TEAM

Prep class teachers oversee your child's pastoral care under the oversight of Caroline Heylen, our Deputy Head and Designated Safeguarding Lead. Our pastoral team also includes a team of Deputy Designated Safeguarding Leads, the School Chaplain, a Counsellor, a Mental Health Lead and ELSAs (Emotional Literacy Support Assistants). Boarders are additionally supported by access to an Independent Listener, separate from the management of the school, whom they can contact at any time.

The Chaplain is available to all children for an informal chat on a drop-in basis on Wednesday afternoons. Children may also benefit from working with an ELSA or our Counsellor; this is managed through the Learning Support team.

PARTNERSHIP WITH PARENTS

We work in partnership with you to understand how your child learns best. We depend on great communication with you to ensure all aspects of your child's wellbeing are considered and that learning in every area is optimised.

Parenting through the Prep years certainly can have its challenges, as children learn to manage aspects of their lives independently. We aim to provide parents with a forum for discussion and advice, both through access to the Wellbeing Hub and our own seminars and workshops on issues such as balancing the risks and opportunities of online life,

Our partnership with parents is forged through our curriculum evenings, parent meetings, learning showcases and concerts. Our weekly Circular newsletter keeps you up to date with activities and achievements across the Prep School. In addition to regular parent meetings and reports, you will always find an open door for discussion and for sharing joys and concerns.

THE PATHWAY TO SENIOR SCHOOL

St Paul's Cathedral School has an excellent track record of working in partnership with parents to find just the right next school and ensuring that our pupils are well prepared to gain and take up their places at their chosen destination.

While there is no such thing as 'the perfect school', it is possible and important to find a really good 'fit' for your child's senior education.

Finding the right school starts with parent consultations with our future schools team, headed by Alison Wright, Deputy Head Academic, usually towards the end of Year 4 or beginning of Year 5, which look at the emerging personality and the cognitive profile of your child, your priorities and their own views, and help you narrow down to a shortlist from the many excellent schools you may wish to consider, with a focus on choices being both ambitious and achievable. This conversation is usefully repeated early in Year 6, when more cognitive data is available to inform decisions, and you have had the chance to attend open days at your chosen shortlist.

Preparation for a senior school should be rigorous but enjoyable and should form part of a holistic education. We want our children to experience appropriate challenge rather than unhealthy pressure and to ensure that their achievements are rooted in wellbeing. Home-school partnership is essential. Parents play a vital

role in ensuring that the admissions processes are positive for children. SPCS staff are on hand to help you every step of the way.

HOW DO WE PREPARE PUPILS FOR EXAMS?

We prepare pupils for the entrance requirements of their senior schools, including the examinations they will be taking at either 11+ or 13+ (including pre-testing or scholarship where appropriate). Our SENCO supports with admission processes for pupils identified with additional learning needs.

Familiarisation with the format of exams, and work on exam technique are essential so that pupils can achieve to the best of their ability under exam conditions. We provide plenty of such practice at school from Year 5 onwards.

TUTORING

SPCS provides a broad and balanced curriculum and there is very rarely a need for external support. Exceptions might be where a child misses significant school as a result of illness or joins in later years with no foundation in a subject such as Latin or French. Occasionally, additional familiarisation with exam practice is useful to build confidence, though this should not be seen as a standard requirement beyond what is provided in school. The Deputy Head Academic, Alison Wright, will be happy to advise on any specific preparation that might be helpful: please let us know if you are intending to provide additional tutoring for your child so that we can work together to ensure this is a supportive process. While additional focus can be supportive and boost a child's confidence, the wrong focus or approach can be counterproductive and even damaging to self-esteem and performance. We do ask parents to be alert to the risk of over-preparation, and the associated pressure that it can inadvertently bring for children.

INTERVIEWS

Senior schools are not just looking for scores. Interviews play a vital part in many admissions processes and children need to be well prepared to talk about their interests, in and beyond the classroom, in an interesting way. The goal is not just to get a child into a school but to ensure that the child can make the most of the experience once they get there, and beyond, as a curious, questioning, interested and interesting lifelong learner.

We provide specific interview practice for children from Year 6 upwards, but it is important to understand that all your child's school experience is in a sense interview preparation: whether it is the experience of leadership in a sport, a subject presentation or a contribution to a year group assembly, there is a constant focus on your child's ability to perform and to do so with confidence and enjoyment.

How best can you support? In addition to the varied and stimulating projects your child will be exposed to at school, parents can support children to be ready for the interview process - and more to the point, to be an interesting, interested young person - by trips to the museum or gallery, a family volunteering project, board games, walks together and above all by regular conversation at the family meal table. No tutor can substitute for this vital everyday interaction. The good news is that the rich experience of stimulating family life is the best support you can possibly provide - and is likely to be great fun into the bargain.

Parents' Consultation / Reports:

Y6 Parents/pupils receive the following report feedback during the year:

Autumn Term: Curriculum Meeting, Parents Evening (in person)

Spring Term: Book Look, Full written report

Summer Term: Grade Card, Letter from the form tutor

In addition to scheduled communication, there may be times when parents, or staff, may feel a face-to-face discussion may be beneficial to discuss academic or pastoral issues. It is suggested that parents, in the first instance, email the staff concerned and then arrange a meeting at a mutually agreeable time. 08:10 - 08:30 is often a good time for most staff.

Prep

Y6 pupils have one or two (see below), 30-minute, written prep(s) per day. Prep may need to be handed in the following day or may be part of an ongoing project spanning several weeks. Please help your son/daughter by checking with them. Teachers will encourage pupils to record all prep in their diaries (and some teachers will put resources on google classroom). In addition to this there will be French vocabulary learning preps, times tables practice for Maths and spellings. There is an in-school prep session on days when pupils have two preps to complete.

Prep Timetable

	Monday	Tuesday	Wednesday	Thursday	Friday
6CD	Maths (*) Science	Geography	Latin	French	English History
6JF	Maths (*) History	Science	French	Geography	English Latin
Learning Preps	Ongoing French vocab / Times tables / Spellings				

(*) Subjects in bold will be completed during in-school prep lessons on that day

We ask parents to support us with prep by:

- Making it clear that they value prep and support the school in explaining how it can help their child's learning.
- Praising and encouraging their children to take pride in their prep and by taking an interest in their work
- If prep is done at home, by providing a peaceful place, free from distractions, where their children can concentrate on their work.
- Ensuring that their child spends an appropriate amount of time on prep and notifying their subject teacher as soon as possible if there are any concerns.
- Check the prep diaries on a weekly basis and sign them.

All pupils are also expected to **read** for 20 minutes every night.

Year 6 - Curriculum Overview

Please note that the information given is only a general guide to the material covered in the year. The pace and order of delivery of the curriculum is constantly monitored by the teaching staff in every subject and will be adjusted to match the requirements of the pupils.

Subject	Autumn Term	Spring Term	Summer Term
English: Reading	II+ exam preparation – exposure to past papers: targeted teaching linked to key objectives (test technique; using PEEL to structure responses; embedding quotations etc). Contemporary authors Considering characterisation, themes, and symbolism within a narrative. Authorial intent and use of vocabulary. Related poetry.	II+ exam preparation — exposure to past papers: timed exercises with in-depth feedback. Classic literature through play scrips. Considering characterisation, plot, genre. Related poetry.	A range of poetry - examining use of rhythm and rhyme; sound techniques; use of humour. Beginning to understand poetic techniques and how to annotate a poem for meaning. Shakespeare plays.
English: Writing	Continuing a story in a similar style – inspired by class texts. Using figurative language in prose and poetry. Creative writing with a focus on setting a scene and establishing a particular mood or atmosphere. Debates and balanced arguments. Biographical and autobiographical writing.	Use of and effect of precise vocabulary. Creative writing drawing on a range of devices (metaphor, hyperbole, alliteration, rhetorical questions, flashbacks). Writing and performing missing scenes. Descriptive writing based on class texts). Newspaper reports. Extended narrative writing, maintaining pace and focus of characters.	Narrative writing: focus on plot twist, foreshadowing and endings — writing an alternative ending to a short story. Understanding plots of Shakespeare's plays. Designing and describing new characters. Formal letter writing.
Maths	Number: Directed Numbers: +/- of positive and negative numbers. Sequences. Percentages: Calculating % of an amount, increase and decrease. Shape, Space & Measure: Metric and Imperial conversions. Transformations: Translation, Rotation, Reflection.	Number: Fractions: Four operations, including mixed numbers. Percentages: one number as % of another. Prime Factors: product of prime factors, Ratio and Proportion: Problem Solving. Shape, Space & Measure: Speed, Distance and Time: Calculate and interpret graphs. Reflections in y=n, x = n, y=x, y=-x	Number: Fractions: FDP revision Application or prime factorisation to calculate HCF & LCM. Shape, Space & Measure: Angle rules: Parallel lines Scale factors. Area and perimeter: Compound shapes, trapezia, parallelograms etc. Algebra: Revision of algebraic terms.

	Volume of cuboids and prisms Algebra: Simplification.	Algebra: Solving equations with two unknowns. Linear Equations.	Four operations using directed numbers. Bracket expansion. Statistics:
	Substitution. Solving one-step equations.	Statistics: Pie Charts. Conversions Graphs. Scatter Graphs.	Probability: Calculate outcomes.
	Statistics: Venn diagrams. MMMR using tables.		
	II+ and I3+ Pre-Test preparation: Selection of timed practice papers and consolidation of topics resulting from these.		
	Biology: Classification and keys. Cells to organ systems. Physics:	Physics: Light and sight. Biology: Nutrition.	Biology: Evolution and inheritance Skeleton. Physics:
Science	Properties of materials (temperature and heat). Electrical circuits.	Circulation and breathing. Microbes.	Sound. STEM project
	Chemistry: Acids and Alkalis.		
Art	Picasso cubist Clay tile: Pupils will study the Cubist portraits of Pablo Picasso producing a range of drawings in different media. They will go on to create their own Cubist portrait design. They will learn how to use tools and wooden stamps in clay on a test tile. This will allow pupils to try out different ways of embossing and modelling clay. Once the test tiles have been fired they will try out underglaze colours on top. They will consolidate all this learning into a final cubist tile.	Continuation of the Cubist tile project: Pupils will continue to finish modelling and embossing their final tile. When these are fired they will finalize their Cubist tiles by adding in underglaze and overglaze. Pop up landscape painting project: Pupils will look at a range of landscape artists including Hockney, Van Gogh, Derain and Matisse. They will build on their painting skills and begin to vary their use of different kinds of brush work and more adventurous colours.	Pupils will complete their painting project. Gods eyes Project: Pupils will look at the use of colour in Mexican artifacts and textiles Pupils will learn how to create a woven Godseye which involves winding wool onto lolly sticks, coffee sticks and finally kebab sticks (For those who are able.)

Grammar: Irregular forms of the perfect tense. Introduction to the dative case.	Topics: The education system in the Roman empire. Grammar: Adjectives and their different forms and endings.
PE/ Games	Invasion Games: Engaging in competitive situations. Analyze their performance to identify areas of strength and weakness. Football / Netball: Development of sports specific skills in different positions on the pitch.	Tag Games: Develop more advanced tactics for attacking and defending Handball: Improve knowledge and understanding of key rules and tactics associated with Handball. Hockey: Development of sports specific skills. Improve knowledge and understand of rules and tactics. Fitness Testing: Carrying out testing procedures to measure different components of fitness and comparing data to previous years.	Athletics: Perform at maximum levels in relation to speed strength and power. Tennis: Development of core skills, and hand-eye co-ordination. Kwik Cricket: Improve timing, hand-eye co-ordination and reaction time. Cricket: Development of sports specific skills in the role of batter, bowler and fielder.

Music of the Baroque period:

- Set works (listening and performing):
- Purcell Trumpet tune
- Bach Wachet
 Auf, sheep may
 safely graze and
 Brandenburg no.3
- Handel –
 Hallelujah chorus and Lascia ch'io pianga
- Vivaldi Spring

Folk Songs and carols of Europe

Christmas
 Performance: a la nanita, Il est ne le divin enfant

Ostinato

- ostinato
 compositions, one
 tuned and one rhythm
 only (manuscript and
 Musescore ICT)
- Perform: ostinato compositions (smallgroup singing)
- Theory: words to rhythm, intervals, compound time, tonic triad harmony
- Aural: Rhythm dictation and general aural tests
- **Listening:** Bolero (Ravel), Canon (Pachebel)
- Theory: revision of key signatures and scales

Music of the Classical period:

- Set works (listening and performing):
- Clementi Sonata in C
- Haydn Surprise symph 2nd mov.
- Mozart Rondo (alla turca)
- Beethoven 5th symph (1st mov); 7th symph (2nd mov)
- Composing in Classical form/style using Alberti bass
- **Theory:** chordal harmony

20th Century Musicals

- Singing: In multiple parts and holding own part against other parts (various songs from around the world)
- Les Miserables medley and West Side Story medley – record and analyse performances

What Makes Me, Me? Project Summary

This project supports Year 6 students in preparing for school interviews by developing confidence, selfawareness, and presentation skills. Through drama activities, students explore how they behave in different situations, their likes and dislikes, and their hidden strengths and talents. They practise speaking positively about themselves, learn strategies for introductions and reflect on appropriate behaviours. Alongside this, they develop articulation, voice

Creating and Approaching Character Part I: Movement

Students explore Rudolf Laban's effort actions and Anne Bogart's Viewpoints to develop spatial awareness, awareness of others, and expressive control of the body. Observation work sharpens recognition of habitual movement patterns, while exercises in gesture, rhythm, and space are applied to physical storytelling, including explorations of London life.

Part 2: Character

Building on the movement work, students transform physical qualities into deliberate character traits, creating fully rounded figures

Werewolves: Historical World Building with a Fantasy Twist

The project begins with an introduction to the strategy game Werewolf. Students learn its rules and mechanics before adapting it into a historical setting. Historical facts and social roles (e.g. jobs and hierarchies from the Tudor period) are used to ground the characters, giving the game a realistic context.

By combining strategy, deduction, and role-play, students create a fantasy dramatization in which they act in character, dramatise the events of the game, and

Drama

Music

projection, and interview technique through roleplay and improvisation.

Learning Focus

Build confidence and resilience in interview and presentation situations. Develop body awareness and confident posture Improve articulation, projection, and clarity of speech. Explore personal qualities, interests, and talents with pride. Practise interview techniques, including introducing oneself and answering questions thoughtfully Reflect on appropriateness of behaviour in different contexts.

Year 6 Drama – Working with Scrips

Students explore how to bring text to life by focusing on character objectives, motivations, and actions. They use voice, movement, and stage directions to create meaning and rehearse short scripted scenes in groups.

Learning Focus

Interpret character objectives, motivations, and actions. Use voice, movement, and stage directions effectively. Rehearse and perform short scripted scenes collaboratively.

with history and personality. Using questioning techniques, objectives, actions, and obstacles, they deepen their understanding of character motivation. Improvisation places these characters in challenging situations, encouraging spontaneity, creativity, and empathy. As an extension, themes of prejudice and bias are introduced, prompting reflection on how outlook and perspective shape our understanding of others.

Learning Focus

Experiment with Laban's effort actions and Viewpoints Develop spatial awareness and sharpen observation skills. Connect physical movement to feelings, character, and atmosphere. Analyse character through objectives, actions, and obstacles. Apply improvisation to test behaviour in challenging situations. Build empathy, tolerance, and awareness of prejudice and bias.

develop the unfolding story into a shared narrative.

Learning Focus

Understand and adapt the strategy game Werewolf for a dramatic purpose. Use historical knowledge to build believable roles and settings. Act in character, sustaining role throughout improvisation. Dramatise events of the game into story and plot. Collaborate to blend strategy, history, and fantasy into performance.

Year 6 Drama - Musical

Theatre Students study one scene from a musical, exploring how music, lyrics, and choreography convey meaning. They work as an ensemble to rehearse and stage the scene with energy and expression.

Learning Focus Combine acting, movement, and voice in performance. Understand how choreography communicates character and story. Rehearse and stage a short musical scene as an ensemble.

Unit I: Me and My Relationships

- Assertiveness
- Cooperation
- Safe/unsafe touches
- Positive relationships

Unit 3: Keeping Safe

- Understanding emotional needs
- Staying safe online

Unit 5: Being my Best

- Aspirations and goal setting
- Managing risk
- Looking after my mental health

PSHE

Unit 2: Valuing Difference

- Recognising and celebrating difference
- Recognising and reflecting on prejudice-based bullying
- Understanding Bystander behaviour
- Gender stereotyping

 Drugs and alcohol: norms and risks (including the law)

Unit 4: Rights and Respect

- Understanding media bias, including social media
- Caring: communities and the environment
- Earning and saving money
- Understanding democracy

Unit 6: Growing and Changing

- Coping with changes
- Keeping safe
- Body Image
- Sex education
- Self-esteem
